## Brink Named Credit Woman of the Year

1983 has been a good year for Marge Brink. Out of 13,000 credit professionals across the United States and Canada, she was selected as Credit Woman of the Year. Brink's honor follows 12 years of hard work in Credit Women International (CWI) and the Albuquerque chapter, Las Madrugadoras.

Brink first won Credit Women of the Year on the local and four-state district level before receiving it on the international level on June 10. Although she knew she was under consideration for the award, she had not planned on attending the Annual Meeting in Washington D.C., however, she decided to go at the last minute and was there to receive her plaque, flowers, and a \$50 award. She was judged by committees of her peers on a percentage basis and came through with flying colors.

1982 saw Brink recognized in two more ways: In October she won the Chapin Carnes Award for outstanding credit person of the year, sponsored by the International Consumer Credit Association, and she was certified by the Society of Certified Consumer Credit Executives.
